

CLINICAL ELECTIVES IN TANZANIA

Designed for Hong Kong Medical Students

WWW.MEDITRIPVOLUNTEERS.COM

WHO WE ARE

Medi Trip Volunteers is a clinically founded organisation providing structured medical electives and healthcare internships in Tanzania. We partner directly with hospitals, healthcare professionals, and community organisations to deliver ethical, supervised clinical experiences for students and qualified professionals from around the world.

Introduction

Experience medicine beyond the classroom. Join a supervised clinical placement in Tanzania, develop global health perspectives, and gain exposure to conditions, healthcare systems, and cultures rarely encountered in Hong Kong. Complete your elective while exploring one of Africa's most extraordinary destinations with a trusted, locally managed organisation.

YOUR MEDI TRIP JOURNEY

Travel from Hong Kong to Arusha, the gateway to northern Tanzania, where you'll complete your placement at a busy Hospital and our trusted partner organisations.

Here, you'll experience healthcare in a resource-limited setting while learning alongside experienced Tanzanian professionals.

LEARN IN ONE OF TANZANIA'S BUSIEST REFERRAL HOSPITALS.

Emergency Medicine,
General Surgery,
Internal Medicine,
Obstetrics & Gynaecology,
Paediatrics,
Neonatal Care,
Psychiatry & Mental Health,
Pharmacy,
Physiotherapy, and Public Health.
